

SUGGESTED USE:

As a dietary supplement take 2 capsules once daily with 8 ounces of water.

ELIXIR™ is a complete liver protection and detoxification formula. The liver is one of the body's most crucial organs with the function of processing nearly every toxin, chemical and contaminant that enters the body. Key ingredients in **ELIXIR™** have been suggested to help restore liver function, protect from overuse and remove hazardous toxins. Increased liver function can result in higher metabolism, and help restore your body to perform at it's maximum potential. †
