

SUGGESTED USE:

As a dietary supplement take 2 capsules once daily with 8 ounces of water.

Acne strikes when extra sebum (oils) is secreted and carried through the hair follicle onto the skin. The increase in sebum can be attributed to a hormonal imbalance and or a deficiency in certain vitamins and minerals in the body. **EPICLEAR™** provides a combination of essential Vitamins and Minerals which have been suggested to help reduce acne at the source. †
