No Sugar, No Starch, No Artificial Flavors, No Wheat, No Gluten, No Corn, No Soy, No Dairy, Yeast Free.

TRISYNEX™ IS CLINICALLY SHOWN TO IMPROVE KEY MARKERS OF CELL AND ENERGY METABOLISM

Trisynex™ is clinically shown to support healthy body composition levels and improve key markers of cell and energy metabolism. Increased adiponectin impacts metabolism and decreased leptin is important for regulation of satiety and energy balance.

†In an 8-week randomized, double-blind, placebo-controlled study of 22 women following a supervised aerobic exercise program, subjects on 1200 mg Trisynex® twice daily with their two largest meals had significant net increase of blood adiponectin level by 42.6% and a significant net reduction of blood leptin level by 10.5% relative to those in subjects on placebo. Adiponectin and Leptin are hormonal markers of metabolism secreted by fat cells.

GNC QUALITY COMMITMENT
For more than 75 years, GNC has been the leader in the development and manufacture of dietary supplements and is committed to producing the most superior products. We use only the highest quality ingredients manufactured under the strictest quality controls. Every raw material used is tested to ensure its purity and potency. Each product is dated and then shipped immediately to our stores to ensure that you are purchasing the freshest supplements available.

GNC GUARANTEE
If you are not 100% completely satisfied, return the unused portion of the product with your receipt to a GNC store within 30 days. Our trained sales staff will either refund your purchase price or, if you prefer, assist you in finding a replacement product to help you LIVE WELL.

KEEP OUT OF REACH OF CHILDREN.
Store in a cool, dry place.

PHYSIO-BURN™

STIMULANT FREE, METABOLIC AMPLIFIER COMPLEX

- Targets Fat Cell Signals to Impact Metabolism, Satiety and Energy Balance^{*^}
- Triggers Fatty Acid Metabolism for a Lean Sculpted Physique^{*}
- Fueled by Clinically Tested CLA and Trisynex™ to Support Healthy Body Composition^{*}

Powered by GNX Science™

DIETARY SUPPLEMENT
30 PACKS

REACH YOUR TRUE PHYSICAL POTENTIAL
Physio-Burn™ is the latest innovation in helping to support a lean, ripped physique. It's as demanding as you, leveraging specific metabolic pathways in the body to fuel your metabolism as you strive to sculpt the lean, healthy body you want.†

PHYSIO-BURN™ WORKS
Its distinct, clinically studied components influence metabolic pathways as you push to sculpt a razor-sharp physique.* This is not a stimulator; it's a multi-dimensional, research-based weapon designed to help impact markers of fat metabolism & satiety.

- The first component is the endo-modulating blend, highlighted by a compound known as Trisynex™. Trisynex™ is a blend of cetylated fatty acids and modified cellulose, clinically shown to support improved body composition and influence key markers, adiponectin and leptin, hormones secreted by fat cells that play a key role in fat metabolism and energy balance.*
- The second major component, CLA, has been scientifically shown to impact metabolism, lean muscle tissue and improve body composition.*
- The third component is a non-stimulant green tea extract that supports healthy metabolism without the jitters.*

This revolutionary three-pronged attack combined with the enclosed fat-slashing diet and exercise program helps to support your goal of reaching your true genetic potential and achieving the sculpted body you deserve.

The key to GNX Science™ is its multi-pronged genomic approach to leveraging every last ounce of your true potential. It targets multiple metabolic pathways from every direction for unparalleled results.

†When used in conjunction with the enclosed calorie-controlled diet and exercise program.
