3096-2a

- ◆ MILD IN THE STOMACH ◆ NON-ACIDIC TO TEETH
- ◆ HYPOALLERGENIC ◆ DISSOLVES EASILY IN LIQUID
- ◆ TRY IN JUICE! ◆ MILD TASTE IN WATER

Vitamin C is an essential antioxidant nutrient. It is necessary for the building of collagen, maintaining teeth and gum tissue health, and normal functioning of the body's natural defenses.*

Carlson MILD-C CRYSTALS is pure Calcium Ascorbate, a buffered form of Vitamin C. There is evidence that the acidity of the ascorbic acid form of Vitamin C may irritate sensitive stomachs and may harm teeth. Calcium Ascorbate is a non-acidic form of Vitamin C that is mild in the stomach and gentle to the teeth.*

MILD-C CRYSTALS is usually well-tolerated by food sensitive individuals as this product consists solely of high-quality Calcium Ascorbate - no free ascorbic acid is present.

Supplement Facts

Serving Size 1/2 Teaspoonful (1 level green scoopful - 2 g)
Servings Per Container 85

	Amount Per 1/2 Teaspoonful	% Daily Value
