HeartLight

Dietary Supplement

60 Vegicaps
(500 mg ea)
30 gr.

Superior
Absorption
BioQ10-SA™

HeartLight as we age, the body loses its ability to produce CoQ10. Research clearly shows that the activity of CoQ10 is dramatically enhanced when combined with L-Carnitine. Both are required to produce ATP cellular energy fuel. CoQ10 protects the heart from free radical damage, and promotes healthy gums. CoQ10 may be helpful in hypertension.*

Statin drugs destroys CoQ10 in the body.* Bioperine® is added to assure maximum bioavailability.
