

SUGGESTED USE:

As a dietary supplement, mix one scoop (32g) with 6 to 10 ounces of water or the beverage of your choice. **PRO ACTION**™ provides the critical protein the body needs after an intense workout.

PRO ACTION™ [pro-ak-shuh] noun.

• Action that initiates change as opposed to reaction to events.

PRO ACTION™ is the unrivaled protein supplement for athletes that are focused on changing their bodies by forging more lean muscle, tearing away ugly fat and maintaining overall health. By increasing the amount of protein we consume combined with proper exercise, our bodies will become fat burning machines! Modern research has shown that increasing protein in your diet can help maintain lean muscle tissue and force the body to burn fat for energy. The body will always use the simplest form of energy available and while it can break down protein for energy, it is much easier for it to use stored fat instead.

PRO ACTION™ can help dieters from being sidetracked with persistent hunger. Increasing protein in your diet can also help you to feel less hungry by lowering levels of appetite-stimulating hormones. Next time you're feeling hungry, satisfy yourself with a delicious **PRO ACTION**™ protein shake. By adding **PRO ACTION**™ to your diet, you can achieve the healthy lifestyle you've resolved about. :

TAKE ACTION... TAKE PRO ACTION™

ALLERGEN WARNING: Contains milk and soy ingredients.

KEEP CONTAINER TIGHTLY CLOSED IN A COOL, DRY, AND DARK PLACE.
