

Vitälzým™

Hybrid Enzyme Formula to Support Systemic and Digestive Requirements

World Nutrition
450
Vegetable
Capsules

Helps Defend Against:

GI Issues† • Pain and Inflammation† • Arthritis† • Scar Tissue† • Fibromyalgia† • Fibroids†

World Nutrition's hybrid formula combines systemic and digestive delivery to provide total system support.

Enzymes are needed for each biochemical reaction that makes life possible. They initiate millions of reactions in your body. Without enzymes, life could not exist.

As we age, our body's natural production of enzymes decreases. Supplementation with Vitälzým along with proper diet and exercise will help to maintain normal enzyme levels, balancing your body's own repair mechanisms.†

Vitälzým contains no animal derivatives, artificial flavors, yeast or gluten. Vitälzým is also lactose free and contains no harmful talc.
