

Dr. Hagiwara's Green Magma is a naturally alkaline, energizing drink powder containing a wealth of beneficial phytonutrients including antioxidants, enzymes, vitamins, minerals, amino acids, protein and chlorophyll.

Suggested Use: Dissolve two teaspoons into an 8 oz. glass of water or your favorite juice. Do not take with hot liquids since heat will neutralize active enzymes. Recommended once or twice daily on an empty stomach (20 minutes before or 2 hours after a meal). Store in a cool, dry place with lid tightly closed.
