

Read the entire label and follow the directions carefully prior to use.

DIRECTIONS: Take two (2) tablets in the morning preferably before a meal, or as recommended by a healthcare practitioner. If needed, take two (2) additional tablets in the evening. If advised by a healthcare professional to take this product concurrently with anti-hypertensive medication, start with one (1) tablet daily and adjust only under the continued care of a healthcare practitioner.

CVH 15™ whey protein hydrolysate is not a source of monosodium glutamate (MSG). The protein source for CVH 15™ whey protein hydrolysate comes from bovine milk (whey) obtained from healthy cows. Milk is classified a category C material (no detectable infectivity). No other ruminant derived materials are used in the manufacture of CVH 15™ whey protein hydrolysate.

CAUTION: If you have hypertension (high blood pressure) and/or are currently taking medication to lower your blood pressure, seek medical advice before taking this product. Consult with a healthcare professional prior to taking or using any product that may affect blood pressure. CVH whey protein hydrolysate is naturally derived from the milk protein whey; therefore, individuals with dairy allergies should avoid using this product.

WARNINGS:

- KEEP OUT OF REACH OF CHILDREN.
- DO NOT EXCEED RECOMMENDED DOSE.
- Do not purchase if outer seal is broken or damaged.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
