

Read the entire label and follow the directions carefully prior to use.

DIRECTIONS: Take three (3) capsules early in the day, preferably on an empty stomach, or as recommended by a healthcare practitioner. SODzyme™ with GliSODin® is a 100% vegetarian product using only plant sources for Superoxide Dismutase (SOD) catalysts and vegetarian capsules. The SOD enzyme activity is certified based upon the NBT[†] assay. GliSODin® is a patented, non-GMO, water dispersible form of SOD lyophilized extract from the edible plant *Curcumis melo* (Melon). GliSODin® has been combined with a wheat gliadin protein matrix that protects SOD from degradation in the digestive tract and promotes its absorption in the small intestines. SODzyme™ and GliSODin® stimulate the natural production of SOD by the body.

CAUTION: Do not take if you are allergic to soy, corn, wheat, yeast or gluten.

WARNINGS:

- KEEP OUT OF REACH OF CHILDREN.
- DO NOT EXCEED RECOMMENDED DOSE.
- Do not purchase if outer seal is broken or damaged.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
