†This fish oil product is manufactured using state-of-the-art purification methods to remove contaminants, such as mercury, to guarantee its purity and potency. The threshold for mercury detection is 0.005 parts per million.

HEART HEALTH**

Omega-3 fatty acids from Fish Oil are considered the "good" fats important for cellular, heart and vascular health.** Fish Oil is a natural source of eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA), essential fatty acids which may help maintain triglyceride levels already within the normal range.** Omega-3 fatty acids are necessary for many vital functions in the body and support heart, skin and joint health.**

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. [See nutrition information for total fat, saturated fat, and cholesterol content.]

Suggested Use: As a dietary supplement for adults, take two softgels daily with the meal(s) of your choice.

Caution: If you are pregnant or nursing a baby or if you are taking medication, planning any medical procedure, have a medical condition or have bleeding problems, consult your doctor before taking this product.

Keep out of reach of children.
Store at room temperature (59°-86°F).
