viva™
vitamins

Directions: As a dietary supplement, take the contents of one packet (four tablets) once daily with a meal, preferably breakfast or lunch. It is not recommended that you take the tablets with dinner since the extra B vitamins may give you energy in the evening when you want to go to sleep.

About CSP

According to the U.S.D.A., only about 10% of Americans eat a good diet. Furthermore, many Americans have failed to meet the recommended intake for several key nutrients. CSP can help. With just four tablets daily from a convenient packet, you will receive generous amounts of virtually all the vitamins and minerals you need to help promote good health. These four tablets consist of our best selling products: Complete Multi, Complete C 1000, Complete E 400 and Complete Minerals. Extra Strength CSP is formulated for individuals with moderate stress and energy needs.†

• **Complete Multi Extra Strength:** Delivers a potent and broad range of synergistic nutrients to supplement the diets of many active and busy people.†

• **Complete C 1000:** Vitamin C is one of the most popular antioxidants, and Complete C 1000 provides a potent dose of this key vitamin. We have added buffered and esterified forms of vitamin C along with bioflavonoids to improve the performance and activity of this product.†

• **Complete E 400:** Viva Complete E 400 contains only 100% natural vitamin E, a major antioxidant and the primary defense against lipid peroxidation and helps protect cells from free radical/oxidative damage. Complete E also contains a unique spectrum of supporting antioxidants like Grape Seed Extract, Co-enzyme Q10 and an array of free-radical fighting carotenoids.†

• **Complete Minerals Extra Strength:** Minerals work in concert with vitamins to normalize metabolism, growth, development and cellular activity. Calcium, magnesium and boron are necessary for healthy bones and teeth. Iron and copper are needed for healthy red blood cells and oxygen transport. Zinc and manganese are utilized in multiple cellular enzyme activities. Selenium provides antioxidant protection. Chromium supports healthy blood sugar metabolism.†

A Company That Cares About You

Everyone who knows Bernard Kash, founder of Viva Vitamins™, has heard him say "People don't care how much you know, until they know how much you care." This philosophy is the foundation of the Viva brand.

Viva Vitamins™ evidence-based products are formulated by dietary supplement specialists, endorsed by physicians, and sold only in retail outlets where the salespeople have been educated to help determine the best dietary supplement program for each individual lifestyle and personal set of health goals.

From the people who formulate Viva Vitamins™ to the people who sell them to you, we use these supplements ourselves and are convinced of their quality, efficacy and safety. Truly, our greatest joy over the last four decades is to hear our customers tell us what a difference these formulas have made in their lives. Discover for yourself how effective a product can be when it comes from a company that cares about you - Viva Vitamins™.

No sugar, salt, starch, yeast, corn, wheat, gluten, lactose, milk, egg, fish products, artificial coloring, flavoring, or preservatives added.

Store in a cool dry place. Do not refrigerate. Please recycle.

KEEP OUT OF THE REACH OF CHILDREN.

Viva Vitamins™ fully guarantees the potency of this product through:
