SUGGESTED USE:

As a dietary supplement, mix ½ teaspoon (40 drops) with any juice or food at mealtimes to mask the concentrated mineral flavor or take straight, followed with a glass of juice or water. Take one to two times per day. Moderately increased dosages are safe if needed or desired, but larger amounts may have a laxative effect.

WARNING: Consult your healthcare provider before use if you are pregnant or nursing.

- Formulated by nature from Utah's Great Salt Lake
- Supplies over 72 minerals in naturally occurring, balanced trace amounts
- ½ teaspoon = ½ cup of pure sea water, with 95% of the sodium removed
