

We took **Nugenix® Ultimate**, the ELITE testosterone formula with 8 key ingredients, and *made it even better*. We added *more* concentrated extracts—instead of powders—for maximum potency. We upgraded our boron for optimal absorption and bioavailability. Then, scientists at qualified third-party labs tested each key component to confirm identification, quality and purity that meets our stringent standards. The result is the NEW **Nugenix® Ultimate**: one of the strongest, purest, and most powerful men's formulas available.

PRECAUTIONS: Only for adult males over 18 years. Use only as directed. Do not use if pregnant or nursing. Consult your healthcare practitioner if you have or suspect a medical condition or if you use any medications as extracts may alter the potency and/or side effects of certain medications. Discontinue use two weeks prior to surgery or if any serious adverse reaction occurs. Do not use if safety seal is missing.

Keep out of the reach of children. Keep product at room temperature and humidity [59-86°F (15-30°C), 40% RH].

Warning: DO NOT Exceed Recommended Dose
