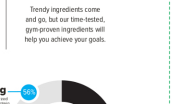
FAST-DIGESTING PROTEIN FOR MUSCLE BUILDING

Whey protein isolate has been filtered to remove the majority of lactose, fat, and carbs, making it higher in protein, leaner, and faster digesting than standard whey. Its quick release of amino acids is ideal for supporting post-workout muscle growth and recovery.



Directions for Use: Add one scoop (32 grams) to 6 ounces of cold water or milk and mix thoroughly. Our isolate is made with instantized proteins that mix easily — no clumps or grit! Enjoy pre- or post-workout, or anytime you need a delicious protein boost.

Notice: Use this product as a food supplement only. Do not use for weight reduction.

Manufactured in the USA in a GMP registered facility with domestic and international ingredients.
