Manufactured For: Healthy For Life • 3350 100th St. • Des Moines, IA 50322

WHY CHOOSE OUR MINERALS?

Healthy For Life minerals are easily recognized by your body. Minerals can only be used by our bodies when they are combined with a protein. Albion Labs® created a patented process for joining minerals to protein through a process called chelation. Healthy For Life only uses Albion Labs® minerals since they are recognized as the finest minerals available. There are no additives or preservatives in our Natural Mineral Supplement.

HOW MINERALS HELP YOU

Minerals are required for optimum function of many of your body's systems, including immune, endocrine, circulatory, digestive and reproductive.*

Customer Care: 877-535-6158

Healthy For Life is a company who cares about helping people achieve better health. We produce convenient products that provide essential nutrients often missing from our diet. Our products are made with the highest quality ingredients.
