

Liquid Light – Mineralized Solar Energy

Liquid Light delivers ancient solar energy to the present. This raw, plant-based fulvic acid and liquid mineral complex was created by nature well before modern pollutants came into being.

Fulvic acid and ionic trace minerals are extracted using simple, pure, cold water to create a liquid supplement ready to revitalize a depleted world.*

- Transports nutrients for assimilation*
- Supplies nature's powerful key electrolytes*
- Supports energy and endurance*
- Promotes electrochemical balance in the body*
- Potent antioxidant protection*
