Transfer Factor Basics 60 Caps

AM1000

21-K-06-01

CERTIFIED FOR PURITY & POTENCY

Transfer factors are small molecular messengers that transfer immune response memory from cell to cell throughout the body, helping identify and fight invaders. **TRANSFER FACTOR BASICS** is a complex blend of vitamins and nutrients with colostrum extracts that boost your body's immune system, helping it activate targeted natural killer cells to fight germs and other invaders*

SUGGESTED DAILY USE: 2 capsules per day. Transfer factor should be taken daily, in the morning on an empty stomach or at bedtime. One should not eat for at least one hour after taking transfer factor, or as advised by your healthcare practitioner.

NOTE: People who are lactose intolerant or who have allergies need not be concerned about a reaction, since all traces of milk proteins and lactose are removed during the extraction and concentration process.
