GARLINASE® 5000

LGBX08501.D01 BLK850D

THE REWARDS OF FRESH GARLIC

- Delivers 5,000 mcg of alliin, fresh garlic's most beneficial compound.
- Enteric-coated tablets reach the small intestine, so you get garlic where you need it, and avoid garlic breath.
- Supports heart health.*
- Maintains healthy cholesterol levels that are already within the normal range*
- Contains 320 mg garlic, with just 1 tablet daily!
- And keep your fresh breath, too!
- Alliin is the key compound found in non-aged garlic and supports cardiovascular health.*

THE DOWNSIDES OF AGED GARLIC:

- Yields NO beneficial alliin.
- Dissolves in the stomach, destroying any chance of alliin reaching the bloodstream.
- Is artificially aged in an accelerated process, destroying garlic's most beneficial compound.
