

USAGE: Stir 2 tablespoons (15.6 g) vigorously into a full glass of water or juice until dispersed completely. If allowed to stand, the drink mix will thicken. Drink with plenty of water.

NOTE: Packaged with desiccant. Do not eat or swallow the desiccant. Do not use this product within one hour of taking multi-vitamin/mineral supplements or medications. People allergic to citrus should not use this product.

Jarrow Formulas® Gentle Fibers® provides high-quality fibers and lignans that promote cardiovascular and immune health along with good digestion and proper elimination.*

The **insoluble fibers** (flax and chia) in **Jarrow Formulas® Gentle Fibers®** positively affect elimination by promoting increased peristalsis (wave-like motion of intestines) and bulking effects.*

The **soluble fibers** (flaxseed, orange pulp & peel, gum Arabic, and inulin-FOS) in **Jarrow Formulas® Gentle Fibers®** promote cardiovascular health.* Soluble fibers help maintain cholesterol levels already within the normal range.* They also promote the growth of the good bacteria (*Lactobacilli* and *Bifidobacteria*), which are important in maintaining the proper pH of the digestive tract, good digestion, and immune modulation.*

The **lignans** (from flax) in **Jarrow Formulas® Gentle Fibers®** are naturally occurring phytoestrogens that exhibit antioxidant activity and support healthy cell replication and cardiovascular function.*

To best increase the intestinal friendly flora, take Gentle Fibers® with Jarro-Dophilus® or Bifidus Balance®.

Keep out of the reach of children.
To maintain freshness, product should be
kept refrigerated after opening.
