Thermo Fat Burn helps give you a surge of energy, sharp mental focus and will support peak performance. Thermo Fat Burn provides a powerful combination of natural Guarana, Evodia Extract with Evodiamine and Green Tea Extract. Preliminary research suggests that Green Tea Extract may decrease the digestibility of dietary fat by blocking lipase enzymes and that Evodiamine may help reduce cellular fat production by activating vanilloid type-1 cell receptors. The patented bioavailability enhancement of BioPerine® completes this powerful formula.*
