

USAGE: Take 1 softgel per day with a meal or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Pantethine is a derivative of vitamin B₅. Pantethine supports lipid metabolism by its ability to raise levels of Coenzyme A (CoA), a cofactor involved in several metabolic pathways including carbohydrate and lipid metabolism.* CoA combines with acetyl groups to form Acetyl CoA, a key participant in energy production via its role in the Krebs (citric acid) cycle within the mitochondria.*

Pantesin® is a trademark of Daiichi Pharmaceutical Co., Ltd. and is licensed to Jarrow fine chemicals.

Keep out of the reach of children.
