IMPROVE WORKING MEMORY AND INCREASE FOCUS**

The Science Behind Focus Fast®

Research driven and scientifically formulated, Focus Fast® is The World's 1st and Only Neuro Focusing Agent® designed to Improve Working Memory, Increase Focus, and Enhance Attention.**

How does it work? The synergistic blend of ingredients inside Focus Fast® speeds up short-term memory processing through an increase in working memory neural speed and capacity. This translates into more information being reviewed, stored, and retrieved – Fast! By activating all available physiological pathways, Focus Fast® is the only product to utilize the multi-pathway approach of Neuro Focusing Technology. In fact, in a randomized, double-blind, placebo-controlled, crossover clinical study, subjects using a key ingredient in Focus Fast® Improved Working Memory reaction time by 9.9% in only 6 hours!***

* The key ingredient in Focus Fast has been shown to improve working memory and favour attention.
** Based on 2 Servings per day.
