

EPD Trace Minerals

The original multiple mineral supplement developed by Leonard McEwen, M.D., for the Enzyme Potentiated Desensitization (EPD) allergy program.

Suggested Use

As a dietary supplement in the EPD program, take only one capsule daily with a meal. If iron or zinc supplements are used, take at different times of day to ensure absorption, or use as directed by a healthcare practitioner.

DO NOT EXCEED RECOMMENDED INTAKE.

These nutrients are of the highest quality and purity obtainable, are free of all common allergens (antigens), and do not contain preservatives, diluents, or artificial additives.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.
