Coenzyme Q10 with Tocotrienols

This formula provides CoQ10 with mixed tocotrienols, in a rice bran oil base. CoQ10 is an essential component of the mitochondria, critical for energy production, and an important antioxidant. Together tocotrienols and CoQ10 support healthy cardiovascular and immune system functioning.* Rice bran oil provides gamma-tocotrienol and gamma-tocopherol, and increases absorption and utilization, enhancing the beneficial properties of this formula.*

Suggested Use

As a dietary supplement, 1 to 3 softgels one or two times daily with meals, or as directed by a healthcare practitioner.

This product is the purest obtainable and does not contain preservatives, diluents or artificial additives.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.
