Phase III: Digestive Sweep™

Recommendation: Take 3 tablets at bedtime for 8 days, then reduce to 2 tablets at bedtime for an additional 7 days. Always take with 8 oz. of liquid. For best results, start use on the same day as beginning Phases I and II.

WARNING: Do not use this product if pregnant, nursing, or under the age of 12. Do not exceed recommended dose, or take longer than the recommended period, as frequent or prolonged use may result in dependence. Do not use when abdominal pain, nausea or vomiting are present. Consult a healthcare professional if you notice a sudden change in bowel habits that persist over two weeks. Rectal bleeding or failure to move bowels after use may indicate a serious condition, discontinue use and consult a healthcare professional. If taking any medications, consult a healthcare professional before use.

15 DAY PROGRAM

About Mineral Digestive Sweep™

Specially balanced to cleanse the bowel, the Digestive Sweep formula in this program contains Magnesium hydroxide.*

How it works. Magnesium hydroxide encourages elimination by drawing water into the intestine, causing waste material to soften and swell, and creating pressure in the colon. The body responds by promptly cleansing the bowel.*

Advantages. Magnesium hydroxide works in a gentle, non-stimulating manner.

Alternative. Some individuals may need stronger action to encourage bowel cleansing. For this purpose, Thisilyn® Cleanse is also available with an **Herbal Digestive Sweep™** containing Cascara sagrada rather than Magnesium hydroxide.

- **Easy 15-Day Program.**
- **Complete Whole Body Cleanse.**
- **Purifies, Rejuvenates and Energizes.***
- **Will Not Interrupt Your Daily Routine.**
- **Optimal Dose of Thisilyn milk thistle extract for maximum cleansing power.**
