WHY DAILY PROBIOTIC GUMMIES?

Probiotics are good bacteria that promote digestive health and help reduce minor abdominal discomfort, and occasional bloating. With continued use, **Digestive Advantage Daily Probiotic Gummies** are ideal for long-term digestive support.*

WHY USE DIGESTIVE ADVANTAGE?

Many probiotics don't survive through the stomach's acid. **Digestive Advantage** does! It **survives stomach acid 100X BETTER†**; one serving a day delivers more live good bacteria to your digestive system than leading probiotics and yogurts to naturally support your digestive health.*

WHY DOES DIGESTIVE ADVANTAGE SURVIVE?

Only **Digestive Advantage** uses BC³⁰, a unique patented probiotic. A natural protein shell protects our probiotic allowing it to survive stomach acid so more live good bacteria can get to your digestive tract and reach the intestines, where you need them most. Probiotics in your intestines promote a healthy digestive and immune system.*
