

BosMed® 500

Ancient Wisdom Meets Modern Science

Boswellia, also known as frankincense, has been a vital component of Ayurvedic medicine for thousands of years. Unique among botanicals, it supports pathways in the body untouched by other compounds. Modern science has developed this amazing extract for greater, more effective benefits.

- Clinically studied, uniquely standardized
- Up to 10 times more AKBA than unstandardized boswellia
- Safe and effective

More of What You Need,
Less of What You Don't

Boswellia needs special attention to be truly beneficial.

BosMed® 500 features an advanced boswellia extract that is intelligently balanced. It starts with carefully tended boswellia. Then it is uniquely standardized to provide more AKBA—an important compound—and virtually no pro-inflammatory beta-boswellic acid. You get more of what you need and less of what you don't.
