It may sound clichéd, but hearing problems are indeed a sure sign of aging. However, such hearing problems are not inevitable. The catabolic free radicals responsible can be stopped, prolonging auditory health and even reversing some of the most common hearing problems. **AgeLoss Hearing Support** is the first-ever dietary supplement to supply precision antioxidants that neutralize the free radicals responsible for age-related hearing problems. **AgeLoss Hearing Support** helps rejuvenate youthful auditory health. **AgeLoss Hearing Support** includes:

ToneAway® Auditory Antioxidant Complex: Backed by scientific research, key ingredients – including *Pinus pinaster* bark and Rosemary extract – have been shown to nutritionally support auditory health. Subjects report a reduction or silencing of mild auditory anomalies associated with age, including ringing and hissing.

REJUVABOLIC™ Full Spectrum Antioxidant Blend: Achieving over 3000 total ORAC value, this vibrant complex of antioxidant-packed botanicals, such as grape seed, wild bilberry and blueberry, plus key anti-aging compounds trans-resveratrol and quercetin, neutralizes age-accelerating free radicals throughout the body.

FIRST DAY™ Healthy Inflammation Response Blend: Antioxidant-dense whole foods and nutrients, such as olive fruit, turmeric and Thione Complex™, promote healthy inflammation response.

***S. thermophilus* probiotic:** This beneficial probiotic bacterium is potentiated by marine alginate, and protected by ViaShield®†† probiotic preservation technology. A billion cells supply natural living support that no other nutrient can provide.

Zinc: Deficiency has been linked to hearing loss and ringing in the ears, making this mineral an essential nutrient ally in maintaining youthful hearing. **AgeLoss Organic Gold Standard Potentiating Nutrients** guava, holy basil, lemon, brown rice and *Algas calcareas* optimize auditory rejuvenating activity.

With its hearing-targeted antioxidants, Nature's Plus AgeLoss Hearing Support is a true nutritional breakthrough – the world's first auditory anti-aging formula!
