Important Nutrients for Today's Kids

When it comes to keeping kids focused and engaged, Calm Kids™ can help. This synergistic combination of nutrients supports healthy brain function and enhances feelings of well-being for children ages 4 and up, without causing unwanted side effects.*

- **DHA** is an omega-3 fatty acid important for children's brain development.*
- **DMAE** supports brain chemicals essential for concentration and learning capacity.*
- **Phosphatidylserine** enhances concentration, balances mood, and supports healthy brain function in children.*
- **Rhodiola** reduces stress and has been shown to improve focus during stressful periods (like test taking).*
- **French Grape Seed Extract VX1®** is an excellent source of OPCs, which support attention span.*

For additional brain health support* also try
Vectomega® from Terry Naturally®.
