

Recommended Use:

As a dietary supplement for adults, take one (1) capsule three (3) times daily with food or in between meals. Higher intakes can be taken only as directed by a physician.

Ultra Acid-Base Balance is a novel science-based formulation aimed at supporting the healthy acid-base environment. It protects muscles from over-acidity and improves oxygen utility to assist in achieving optimal physical performance. A proper acid-base environment is fundamental to an optimally functioning metabolism. Small deviations in this environment can have major impacts on both health and endurance. Supplementing with **Ultra Acid-Base Balance** on a daily basis helps re-establish and maintain the proper pH balance while improving energy and endurance.

These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure or prevent any disease.

Not to be used by pregnant or nursing mothers unless directed by a physician.
Keep this and all nutritional supplements out of the reach of children.
Store in a cool dry place below 86° F (30° C) with the cap tightly sealed.
Strict quality control is maintained during each step of formulation.
