Terry Naturally

OsteoStrong™

Calcium PLUS Critical Nutrients for Strong Bones*

For Your Good Health

120 Tablets

DIETARY SUPPLEMENT

Bone requires a variety of nutrients in addition to calcium, including vitamins, macro minerals, amino acids and trace minerals. **OsteoStrong™** is a unique formula that features the necessary nutritional components to maintain strong, healthy bones. With OsteoStrong, you will be protecting your bones for life.*

Recommendations: 4 tablets daily. May be taken as 2 tablets in the a.m. and 2 tablets in the p.m. If pregnant or nursing, or taking a blood thinning medication, consult a healthcare practitioner before using.

For optimal bone health, we also recommend **Terry Naturally® Strontium and Bone-Sil™**

Manufactured by a cGMP compliant facility exclusively for EuroPharma, Inc. Green Bay WI 54201
(866) 887-2731 EuroPharmaUSA.com

No sugar, salt, yeast, wheat, gluten, soy, dairy products, artificial coloring, artificial flavoring, or artificial preservatives.

* THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.

Strong Bones Require More Than Calcium*

The best ratio of calcium to magnesium:

Yes, you need calcium—but it's only effective when combined with other minerals and nutrients. **OsteoStrong™** features a 2:1 ratio of calcium to magnesium—the right proportion for building strong bones.*

Minerals that absorb: Minerals can be difficult for the body to use. OsteoStrong features TRACACS® minerals, chelated to the amino acid glycine, for the best absorption and benefits. They are sophisticated minerals that promote healthy bone density.*

MenaD9™: This clinically studied form of vitamin K2 helps facilitate mineral absorption into the bone.*

Probiotics for healthy bones: *Lactobacillus sporengenes* is a probiotic that yields lactic acid, creating a better environment in the intestines to promote greater mineral absorption, particularly of calcium.*

Easy to swallow: A smooth coating on each tablet makes them easy to swallow.

The OsteoStrong™ Advantage

Bone requires a variety of nutrients in addition to calcium, including vitamins, macro minerals, amino acids and trace minerals. **OsteoStrong** is a unique formula that contains the necessary nutritional components to maintain strong, healthy bones. With OsteoStrong, you will be protecting your bones for life.*

† Adequate calcium and vitamin D throughout life, as part of a well-balanced diet, may reduce the risk of osteoporosis.
