Serenol reduces the mood swings, irritability, cravings and uneasiness associated with PMS.*

Through our proprietary purification process, we unlock the unique healing benefits of pollen from four specific plants grown in Sweden. Discover hormone-free relief from emotional PMS symptoms and cravings and start feeling like yourself every day of the month.

Serenol takes time to work. You should begin to feel relief around month two or three and survey data shows that relief continues with prolonged use.

Suggested Use: Take two tablets once per day or as directed. Continue for prolonged benefit.
