

Thyroid Care™ Plus features these nutrients:

Iodine in three forms: for thyroid hormone synthesis, healthy metabolism, lustrous hair, and hormone balance.*

L-tyrosine: to help create thyroxine and support mental well-being and daily energy.*

Selenium: a key mineral that supports the conversion of T4 into the active thyroid hormone, T3.*

Recommendations: 1–2 capsules daily in the morning on an empty stomach. For long-term use, consult a healthcare practitioner.

If pregnant or nursing, consult a healthcare practitioner before using.

NON-GMO

Rejuvenate Your Thyroid!

Thyroid health affects many aspects of our lives: energy, metabolism, hair, skin, mood, weight maintenance, and more. **Thyroid Care™ Plus** provides iodine, L-tyrosine, plus selenium, the three most crucial thyroid nutrients for promoting optimal thyroid function, which in turn is an important key to vibrant health.*

The Nutrients Your Thyroid Needs!

Iodine in three forms, including potassium iodide, sodium iodide, and molecular iodine for thyroid hormone synthesis, which in turn supports a healthy metabolism, lustrous hair, and hormone balance.*

L-tyrosine, an amino acid required to create the thyroid hormone thyroxine, supports mental well-being and daily energy.*

Selenium is a key mineral that supports the conversion of T4 into the active thyroid hormone, T3. It works with iodine and L-tyrosine to protect the thyroid from the risk of oxidative stress and damage.*

Your Thyroid Needs Nutrients

The thyroid is a butterfly-shaped gland that creates the hormones we need to stay healthy. But age, environmental factors, and family history can affect its performance.

Thyroid Care™ Plus provides the nutrients your thyroid needs for:

- Daily Energy
- Healthy Metabolism
- Lustrous Hair
- Hormone Balance
- Healthy Weight Management*
- Immune Health*
