

Recommendation: As a dietary supplement, take two times a day between meals on an empty stomach in the morning and afternoon. Mix one scoop in cup of water (tastes great). May also be taken at bedtime to support normal sleep patterns.*

Maximum HGH is completely sugar free, formulaed for all ages. Especially for ages 40 and up.

Do not use if safety seal is missing or broken. Keep out of reach of children. Store in a cool, dry place.

Warning: If you are pregnant, nursing, taking any medications, or experiencing any health issues, consult your doctor before use. Using amino acids above recommended levels or without consulting with a medical provider may lead to future problems.

This special blend of amino acids could help restore a more youthful feeling and appearance.”

Maximum HGH contains no actual growth hormones but amino acids for the purpose of encouraging the production of your body’s natural human growth hormone (HGH).*
