

MEGA-T[®] ULTRA

DIETARY SUPPLEMENT GREEN TEA

A1783

Mega-T Ultra is a dietary supplement formulated to help you burn fat and achieve your weight loss goals. Each caplet contains a unique blend of Green Tea, White Tea, Black Tea and Oolong Tea whole leaf extracts. MEGA-T Ultra contains 90 mg EGCG and 150 mg of caffeine.

WARNING: For adults only (18 years and older). Do not take more than 2 caplets daily (taking more will not help you lose weight faster). Do not use if pregnant or breast feeding, taking prescription medicines, have a liver disorder, are sensitive to caffeine (this product contains a total of 150 mg of caffeine per caplet) or suffering from any medical diseases or conditions. Discontinue use and consult a physician if you experience rapid heartbeat, dizziness, severe headaches, shortness of breath or develop symptoms of liver trouble such as abdominal pain, dark urine, jaundice or other similar symptoms.

- Keep out of reach of children.
- Store at 15-30°C (59-86°F).
- Protect from heat, light and moisture.

The amount of weight loss that can be attained is related to your diet, exercise, activities, age and body frame. ***Over a period of time, you can lose up to 20 lbs. if you follow a proper weight loss diet plan and exercise plan like the ones enclosed or posted on our website www.mega-diet.com. Before beginning any exercise program, consult your physician/healthcare provider.** We do not recommend that you attempt to lose excessive weight over a short period of time, as it could affect your health and will not allow you to maintain the weight loss you have targeted. Most experts recommend that dieters lose no more than 2 lbs. per week.

Visit www.mega-diet.com to learn more about our diet and exercise programs and special offers.

DIRECTIONS: Take one (1) MEGA-T caplet twice a day, with a meal and a full glass of water. For best weight loss results, follow a proper weight loss diet plan and exercise plan, like the ones enclosed or posted on our website www.mega-diet.com. We also advise that you consult with your doctor or nutritionist before starting any diet and exercise plan.
