Ultra
Connexin™

Dietary Supplement

Connective Tissue Factors
Potent Nutritional Support for Skin,
Joints, Vessels and Discs

120 CAPSULES
Nt Wt. 3.6 oz. (103 g)

Recommended Use: As an adult dietary supplement take 1-2 capsules 2 times per day with meals, or as directed by a healthcare practitioner.

Connective tissues underlie the skin, and are the foundations for the joints, vertebral discs, walls of the blood vessels, bones and countless other supporting tissues. Cumulative damage to the body's connective tissues can markedly affect quality of life. The nutrients in this formula are supportive to the enzyme pathways that renew connective tissues or nutritionally help protect connective tissues from degeneration due to environmental factors or intrinsic processes gone awry.**
