Macula 30+™

Eye Health

Right ingredients, right ratios.

Each nutrient was selected to work hard together to create a formula that provides optimal macular protection and visual performance.*

Lutein and Zeaxanthin

The 5:1 ratio in our formula is the ratio found in nature. These macular nutrients help filter blue light and support visual performance.*

Omega-3

Helps maintain normal retinal integrity.*

Zinc

Helps transport important nutrients to the macula.*

Vitamin E

Works with lutein and Omega-3 to maintain normal eye health.*

Vitamin C

Provides powerful antioxidant support for the retina and blood vessels in the eye.*

Macula 30+™

Eye Health

A healthy macula is a critical part of the eye for vision throughout life. It is constantly under stress, and as we age, many people develop significant problems that impact their vision.

Macula 30+ was formulated by one of the world's leading experts in eye health nutrition to help maintain normal macular density and promote macular health as you age.*

In addition to fortifying the macula, this formula also supports healthy visual performance, which includes the ability to see in low light and the ability to recover from glare.*
