Recommendation: As a dietary supplement, take ½ teaspoon three times daily. Can be added to juice. For those who are sensitive to bee pollen, start with 1/16 teaspoon three times daily for two days before increasing to regular does of ½ teaspoon three times a day.

Do not use if safety seal is missing or broken. Keep out of reach of children. Store in a cool, dry place.

Warning: If you are pregnant, nursing, taking any medications, or experiencing any health issues, consult your doctor before use. On rare occasions people who are allergic to bees could have an allergic reaction to bee pollen.

Bee Pollen Benefits and Nutrition

The health benefits of bee pollen are numerous and include increased energy, mental strengthening, immune system support, and allergy and pain relief.* Studies also suggest there is a connection between bee pollen and weight loss.* These benefits come as a result of bee pollen's long list of nutrients. Considered a balanced food, bee pollen contains essential vitamins, minerals, proteins, carboydrates, essential amino acids, fats and enzymes in their pure and natural plant forrm.
