

Pantethine

Pantethine is a derivative of pantothenic acid (vitamin B5) and a key constituent of coenzyme A involved in the metabolism of amino acids, carbohydrates, and lipids. Pantethine has been shown to promote normal cholesterol and triglyceride levels.* Contains Pantestin®, a high quality, pharmaceutical grade brand of pantethine. Pantestin® is a registered trademark of Daiichi Pharmaceutical Co., Ltd., Japan.

Suggested Use

As a dietary supplement, 1 or 2 capsules two times daily with meals, or as directed by a healthcare practitioner.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
