use if you are pregnant, nursing, taking any
medication or have any medical conditions.

STORE IN A COOL, DRY PLACE.
KEEP OUT OF REACH OF CHILDREN.

TAMPER EVIDENT

Do not use if outer seal is broken or missing.

L-Glutamine is the single most abundant
amino acid in the human body. It is
involved in regulating protein synthesis
and has been shown to possess Anti-Catabolic
properties to help preserve muscle.
Intense exercise can deplete glutamine
stores, however, supplemental glutamine
is thought to replenish these stores allowing
for enhanced recovery. ▲
