"TASTES GOOD! So many powders can taste odd or bad. I find the taste of this product very nice. I use it regularly for myself and clients." -Karen

"I have been using it for a while. It helps relax me at night and it reduces the incidence of muscle cramps in my groin and feet. I can notice if I haven't taken the product. It's very effective and it's also helpful getting right into my system since I am a post bariatric patient and need vitamins and minerals to be absorbed quickly before they run right out of me. Great Product!!!!" -James
