

Directions: As a dietary supplement for children three years of age and older, take one chewable wafer daily or as directed by a healthcare practitioner.

Bluebonnet's Rainforest AnimalZ® Probiotic helps bridge the nutrient gap often found in children's diets by providing their tummies with the clinically studied probiotics, DDS-1 strain, a highly stable super strain of L-acidophilus, and bifidobacterium bifidum, delivering over 1.5 billion viable microorganisms at the time of manufacturing. All this in just one yummy chewable per serving for digestive and immune support.♦

Caution: Not for children under 2 years of age. To be chewed only. Not intended to be swallowed whole. To prevent potential overuse, keep out of reach of children. Consult physician if taking medication or have a medical condition.

Bluebonnet's KOF-K Certification #K-0000700
