PROTEIN	CALORIES	CARBS	FAT	SUGAR	BCAAs	LEUCINE
21g	140	7g	3g	5g	4.5g	2.1g

FAST AND SLOW RELEASE PROTEINS ENGINEERED TO FEED MUSCLE. EXTEND THE BENEFITS OF PROTEIN.

FAST & SLOWER ACTING PROTEINS

Elite XT™ protein powder delivers the muscle building potency of milk proteins, fast acting whey and slower acting casein, to support the development of muscle strength and size in response to serious training. Strategically formulated to deliver 2.1 grams of leucine and 4.5 grams of total BCAAs, Elite XT promotes muscle response whether you're a beginner or a pro. BCAAs are the muscle-building amino acids that naturally occur in protein, with leucine being the BCAA directly involved in activating muscle protein synthesis.

Whey protein is known worldwide as the fastest digesting and absorbing natural protein. Casein is digested more slowly which supports muscle protein building for hours. Elite XT is formulated at a 4:1 ratio of whey to casein which makes Elite XT ideal after tough workouts or throughout the day.

REAL SCIENCE & QUALITY

Dymatize® proteins are formulated based on the latest science and put to the test in university studies and at elite professional training facilities. Dymatize protein powders are always manufactured in GMP Certified facilities, meaning that all ingredients and final products are rigorously tested and validated clean and safe. They are banned substance tested for athlete's reassurance by Informed-Choice® (www.informed-choice.org).

DYMATIZE PROTEIN ETHICS

100% of the protein claimed per serving is derived from high-quality, intact proteins. All Elite XT protein powders are instantized for easy mixing ensuring that you get world class taste and consistency from every serving. We do not amino spike.
