

Amino Acids

Family owned since 1968.

Acetyl-L-Carnitine 750 mg

Brain and Nerve Cell Function*

- Transports Fatty Acids*
- Boosts Cellular Energy*

90 Tablets

A Dietary Supplement Vegetarian/Vegan

Suggested Usage: Take 1-2 tablets daily as needed.

Acetyl-L-Carnitine (ALC) is a modified amino acid that supports cellular energy production by assisting in the transport of fat into the mitochondria where it is converted into ATP (cellular fuel).* ALC is a highly bioavailable form of carnitine that can cross the blood-brain barrier, where it helps to manage oxidative damage, supports mitochondrial function and helps to maintain normal neurotransmitter activity.* Clinical studies suggest that ALC helps to maintain optimal neurological health.*
