

Curcumin is not readily absorbable in its natural form. However, Jigsaw Health provides Curcumin mixed with Medium Chain Triglycerides (or MCTs for short) and extra virgin olive oil to increase absorption. The MCTs and extra virgin olive oil are what helps the curcumin dissolve, making this 95% curcuminoid form highly bioavailable.*

It can help:*

- Support memory and retention*
- Promote mental clarity and focus*
- Maintain cellular health and function*
