Calcium & Magnesium

Citrate Powder with Vitamin D₃

Supports Bone Health*

- 1:1 Mineral Ratio
- Enhanced Mixability

NET WT. 8 OZ. (227 g)

A Dietary Supplement

Suggested Usage: Mix 1 1/2 level teaspoons of powder into at least 8 oz. of cold water or clear liquid. Add powder slowly while stirring. Take once daily with a meal. Pure calcium and magnesium citrate powders can increase the temperature of liquids upon contact; therefore, the recommended serving **MUST** be mixed into at least 8 oz. of cold liquid to neutralize this reaction prior to ingestion.

NOW® Calcium & Magnesium Citrate Powder with Vitamin D₃ is an optimal bone structure support formula designed by NOW's certified nutritionists.* It contains key nutrients that play essential roles in bone metabolism.* The citrate forms of calcium and magnesium are highly absorbable and support not only strong bones and teeth but muscle and nerve function as well.* Vitamin D₃ is included to complement calcium and magnesium and its role in the maintenance of mineral homeostasis and bone structure.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: This product must be dissolved into at least 8 oz. of cold water or clear liquid before consuming. Do not breathe powder and avoid contact with skin, eyes, and clothing. For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.
