DIRECTIONS

As a dietary supplement, take 1 scoop mixed with 8oz of water, 30 minutes before a workout. Do not exceed 1 scoop per 24 hour period.

WARNING

This product is intended to be consumed by healthy adults 18 years of age or older. This product should only be used under medical or dietetic supervision. This product is not intended as a sole source of nutrition and should be consumed in conjunction with an appropriate physical training or exercise program. Do not take this product if you are pregnant or nursing. Do not take this product if you have any current or pre-existing medical conditions. Do not take this product if you currently taking any prescription or over-the-counter medications intended to promote vasodilation and/or erectile dysfunction. In particular, do not take if you take other nitrate-containing medications, as this can cause an unsafe drop in blood pressure. Do not consume more than one serving per day. Keep out of reach of children.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
