

CHOLESTolve 24/7

Works 'round the clock to protect your heart.*

CHOLESTolve 24/7 contains plant sterols, which science shows may reduce the risk of heart disease by helping to lower Total and LDL cholesterol. Two CHOLESTolve tablets, taken twice a day with meals as part of a diet low in saturated fat and cholesterol, provides the recommended total daily dose of 1.3 g (1300 mg) of plant sterols and may reduce the risk of heart disease.*

Development of heart disease depends upon many factors such as a family history of CHD; excess body weight; high blood pressure; cigarette smoking; diabetes; physical inactivity and elevated blood Total and LDL cholesterol.

CHOLESTolve 24/7 is an all natural way to support and maintain a healthy heart.*
