

Continue to build a strong foundation for your baby with Culturelle® Baby Grow + Thrive.*

Culturelle® Baby Grow + Thrive contains safe and gentle ingredients that work naturally with your baby's body to support their healthy development as they explore new foods and environments.*

Probiotic

- Contains the most clinically studied probiotic in infants,^{††} *Lactobacillus rhamnosus* GG, to help support a healthy digestive and immune system.*
- Supplements the good bacteria found in breast milk.*

Vitamin D

- Helps build strong bones.*

WARNING: KEEP OUT OF REACH OF CHILDREN.

Inform a healthcare professional before starting any dietary supplement, particularly if there is a known immune-compromised condition. If your infant develops an allergic reaction such as a rash, itching, wheezing or hives, discontinue use and call your doctor.

When first taking a probiotic your baby's gut microbiome changes. Your baby may experience minor bloating, gas or intestinal gurgling which should subside with continued use. Consult your healthcare professional if symptoms continue after two weeks.

For questions, concerns or to report an adverse event, please call (800) 722-3476. www.Culturelle.com

Contains none of the following: artificial dyes, preservatives, dairy,* sugar,* lactose, milk, yeast, soy or gluten.*

Storage Instructions: Store Culturelle® in a cool, dry place away from direct sunlight. Guaranteed potency through date on box when stored as directed.

Tamper Evident: Product is sealed within packets. Do not use if any part of the packet is torn, open or damaged.

For children over 2 years: Take Culturelle® Kids as directed on the package.

†† Based on the number of *Lactobacillus rhamnosus* GG studies, as of January 2018.

††† Based on a 2018 survey among pediatricians recommending a probiotic brand.

* While there are no dairy-derived ingredients in the product, it is produced in a facility that also handles dairy ingredients.
• While this product contains an ingredient sourced from wheat, it meets the FDA's definition of gluten free (less than 20 ppm gluten).

1 Contains sucrose which adds a dietarily insignificant amount of sugar. Not a reduced calorie food.
